**NEWS RELEASE**

**IT GLOBAL SOLUTION PROVIDER FOR NORTEL NETWORKS**

Mr. Stephen A. Stone, CEO/Director of iNsu Innovations Group Inc., is proud to announce that Gold-tech Computer Systems Ltd.(Gold-tech), a wholly owned subsidiary of the Company has been selected as the IT global solution provider for Nortel Networks's (Nortel) CIM engineering plants.

Goldtech, in partnership with Tarantella, will supply and implement web-enabled solutions using the Tarantella Enterprise III software at Nortel. The aim of this project is to provide Nortel users with a unique and universal presentation for both internal and external software applications, regardless of the platform (Unix, Windows, Web,...)

*"The initial phase will involve Nortel's plants with 1,250 licenced users and is expected to be completed by January 2001. The estimated revenues from the initial phase is expected to be \$ 250,000. There are plans being discussed with Nortel to deploy this solution to Nortel Networks worldwide once this initial phase is completed,"* says Frank Lai, Vice President of Gold-Tech.

Tarantella software instantly web-enables applications for access by users anywhere, allowing administrators to quickly deliver any application to any client, without installation on the client device. Tarantella software utilizes an innovative Adaptive Internet Protocol (AIP) to provide optimal network performance, even over low-bandwidth connections.

Tarantella, Inc. is wholly owned subsidiary of The Santa Cruz Operation, Inc., which provides enabling technologies connecting clients, server-based applications, and networks. Tarantella products provide access to Windows, mainframe, Linux and UNIX applications, are available today for all popular RISC and Intel processor-based UNIX servers and selected Linux servers.

iNsu Innovations Group Inc. operates within two strong and steadily growing industries, Information Technology and Franchise Restaurants. The Company is set on a steady course of expansion within both divisions, through both strategic acquisitions and alliances.
