### 1. Description of the business

MTY Food Group Inc. (the “Company”) is a franchisor in the quick service and casual dining food industry. Its activities consist of franchising and operating corporate-owned locations as well as the sale of retail products under a multitude of banners. The Company also operates a distribution center and a food-processing plant, both of which are located in the province of Quebec.

The Company is incorporated under the *Canada Business Corporations Act* and is listed on the Toronto Stock Exchange (“TSX”). The Company’s head office is located at 8210 Trans-Canada Highway, Ville Saint-Laurent, Quebec.

### 2. Basis of preparation

The unaudited condensed interim consolidated financial statements (“financial statements”) have been prepared on the historical cost basis except for certain financial instruments that are measured at revalued amounts or fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for:

- share-based payment transactions, that are within the scope of International Financial Reporting Standards (“IFRS”) 2, Share-based Payment;
- leasing transactions, that are within the scope of IFRS 16, Leases; and
- measurements that have some similarities to fair value but are not fair value, such as net realizable value in International Accounting Standards (“IAS”) 2, Inventories, or value in use in IAS 36, Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are presented in Canadian dollars, which is the functional currency of the Company, and tabular amounts are rounded to the nearest thousand (\$000) except when otherwise indicated.

### Statement of compliance

The Company’s unaudited condensed interim consolidated financial statements have been prepared in accordance with IFRS applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting and apply the same accounting policies as those described in the Company’s annual consolidated financial statements for the year ended November 30, 2022, prepared in accordance with IFRS as issued by the International Accounting Standards Board (“IASB”), with the exception of IAS 37 as disclosed in Note 3 to these financial statements.

These financial statements do not include all the information required under IFRS for complete financial statements and should therefore be read in conjunction with the Company’s annual consolidated financial statements for the year ended November 30, 2022.

The financial statements were authorized for issue by the Board of Directors on April 11, 2023.

#### 2. Basis of preparation (continued)

##### Seasonality

Results of operations for any interim period are not necessarily indicative of the results of operations for the full year. The Company expects that seasonality will continue to be a factor in the quarterly variation of its results. For example, the Frozen treat category, which is a significant category in the United States (“US”) market, varies significantly during the winter season as a result of weather conditions. This risk is offset by other brands that have better performance during winter seasons such as Papa Murphy’s, which typically does better during winter months. Sales for shopping mall locations are also higher than average in December during the holiday shopping period.

#### 3. Change in accounting policies

##### Policy applicable beginning December 1, 2022

##### IAS 37, Provisions, Contingent Liabilities and Contingent Assets

In May 2020, the IASB published *Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37)* amending the standard regarding costs a company should include as the cost of fulfilling a contract when assessing whether a contract is onerous. The changes in *Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37)* specify that the “cost of fulfilling” a contract comprises the “costs that relate directly to the contract”. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract or an allocation of other costs that relate directly to fulfilling contracts.

The amendments to IAS 37 were adopted effective December 1, 2022 and resulted in no significant adjustment.

#### 4. Future accounting changes

A number of new standards, interpretations and amendments to existing standards were issued by the IASB that are not yet effective for the three-month period ended February 28, 2023 and have not been applied in preparing these condensed interim consolidated financial statements.

The following amendments may have a material impact on the financial statements of the Company:

Standard	Issue date	Effective date for the Company	Impact
IAS 1, Presentation of Financial Statements	January 2020, July 2020, February 2021 & October 2022	December 1, 2024	In assessment
IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors	February 2021	December 1, 2023	In assessment
IAS 12, Income Taxes	May 2021	December 1, 2023	In assessment
IFRS 16, Leases	September 2022	December 1, 2024	In assessment

##### IAS 1, Presentation of Financial Statements

In January 2020, the IASB issued *Classification of Liabilities as Current or Non-current (Amendments to IAS 1)* providing a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments in *Classification of Liabilities as Current or Non-current (Amendments to IAS 1)* affect only the presentation of liabilities in the statement of financial position, not the amount or timing of recognition of any asset, liability, income or expenses, or the information that entities disclose about those items.

In July 2020, the IASB published *Classification of Liabilities as Current or Non-current – Deferral of Effective Date (Amendment to IAS 1)* deferring the effective date of the January 2020 amendments to IAS 1 by one year.

### 4. Future accounting changes (continued)

#### IAS 1, Presentation of Financial Statements (continued)

In February 2021, the IASB issued *Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)* with amendments that are intended to help preparers in deciding which accounting policies to disclose in their financial statements. An entity is now required to disclose its material accounting policy information instead of its significant accounting policies and several paragraphs are added to IAS 1 to explain how an entity can identify material accounting policy information and to give examples of when accounting policy information is likely to be material. The amendments also clarify that: accounting policy information may be material because of its nature, even if the related amounts are immaterial; accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements; and if an entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information.

In October 2022, the IASB published *Non-current Liabilities with Covenants (Amendments to IAS 1)* to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments modify the requirements introduced by *Classification of Liabilities as Current or Non-current* on how an entity classifies debt and other financial liabilities as current or non-current in particular circumstances: Only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months. The amendments also defer the effective date of the 2020 amendments to January 1, 2024.

The amendments to IAS 1 are effective for annual reporting periods beginning on or after January 1, 2024. Earlier application is permitted. The Company will adopt the amendments on December 1, 2024.

#### IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors

In February 2021, the IASB issued *Definition of Accounting Estimates (Amendments to IAS 8)* with amendments that are intended to help entities to distinguish between accounting policies and accounting estimates. The changes to IAS 8 focus entirely on accounting estimates and clarify that: the definition of a change in accounting estimates is replaced with a definition of accounting estimates; entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty; a change in accounting estimate that results from new information or new developments is not the correction of an error; and a change in an accounting estimate may affect only the current period's profit or loss, or the profit or loss of both the current period and future periods. The amendments to IAS 8 are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company will adopt the amendments on December 1, 2023.

#### IAS 12, Income Taxes

In May 2021, the IASB published *Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction (Amendments to IAS 12)* that clarifies how companies account for deferred tax on transactions such as leases and decommissioning obligations. The main change is an exemption from the initial recognition exemption, which does not apply to transactions in which both deductible and taxable temporary differences arise on initial recognition that result in the recognition of equal deferred tax assets and liabilities. The amendments to IAS 12 are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company will adopt the amendments on December 1, 2023.

#### IFRS 16, Leases

In September 2022, the IASB issued *Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)* with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15, Revenue from Contracts with Customers, to be accounted for as a sale. The amendments require a seller-lessee to subsequently measure lease liabilities arising from a leaseback in a way that it does not recognise any amount of the gain or loss that relates to the right of use it retains. The new requirements do not prevent a seller-lessee from recognising in profit or loss any gain or loss relating to the partial or full termination of a lease. The amendments to IFRS 16 are effective for annual reporting periods beginning on or after January 1, 2024. Earlier application is permitted. The Company will adopt the amendments on December 1, 2024.

#### 5. Business acquisitions

##### I) Wetzel's Pretzels (2023)

On December 8, 2022, one of the Company's wholly owned subsidiaries completed the acquisition of all of the issued and outstanding shares of COP WP Parent, Inc. ("Wetzel's Pretzels"), a franchisor and operator of quick service restaurants operating in the snack category across 25 states in the US, as well as in Canada and Panama. As of the date of the acquisition, Wetzel's Pretzels was operating 328 franchised and 38 corporate-owned restaurants. The purpose of the transaction was to diversify the Company's range of offerings in the US.

The transaction included a purchase price totaling \$284,721 (US\$209,632), as detailed below. The resulting aggregate cash outflow in connection with the Wetzel's Pretzels acquisition was \$275,403 (US\$202,772). The transaction consideration also includes US\$3,000 held in escrow contingent on the completion of a lease contract.

The Company has not yet completed its fair value assessment of all assets acquired and liabilities assumed in connection with the Wetzel's Pretzels acquisition. The most significant aspects remaining to be finalized relate to the valuation of property, plant and equipment, franchise right, trademark and deferred income taxes. Consequently, the table below presents management's preliminary assessment of the fair values of the assets acquired and the liabilities assumed. The final determination of the fair values will be made within 12 months of the acquisition date. Accordingly, the following values, including goodwill, are subject to change and such changes may be material.

##### II) Sauce Pizza and Wine (2023)

On December 15, 2022, one of the Company's wholly owned subsidiaries completed the acquisition of the assets of Sauce Pizza and Wine, an operator of fast casual restaurants operating in the state of Arizona in the US. As of the date of the acquisition, Sauce Pizza and Wine was operating 13 corporate-owned restaurants. The purpose of the transaction was to diversify the Company's range of offerings in the US.

The transaction included a purchase price totaling \$15,228 (US\$11,165) and a holdback on acquisition of \$1,089 (US\$798), as detailed below. The resulting aggregate cash outflow in connection with the Sauce Pizza and Wine acquisition was \$13,613 (US\$9,980).

The Company has not yet completed its fair value assessment of all assets acquired and liabilities assumed in connection with the Sauce Pizza and Wine acquisition. The most significant aspects remaining to be finalized relate to the valuation of property, plant and equipment, trademark and gift card liability. Consequently, the table below presents management's preliminary assessment of the fair values of the assets acquired and the liabilities assumed. The final determination of the fair values will be made within 12 months of the acquisition date. Accordingly, the following values, including goodwill, are subject to change and such changes may be material.

#### 7. Leases

Leases as a lessee relate primarily to leases of premises in relation to the Company's operations and its corporate store locations. For many of the leases related to its franchised locations, the Company is on the head lease of the premises and a corresponding sublease contract was entered into between the Company and its unrelated franchisee. The sublease contract is substantially based on the same terms and conditions as the head lease.

Leases and subleases typically have terms ranging between five and 10 years at inception. The Company has options to purchase the premises on some of its leases.

(2) Payable on demand.

(3) Payable on demand, with a maximum maturity date of December 2024.

(4) Under the revolving credit facility, the Company has the option to draw funds in Canadian or in US dollars, at its discretion. The facility's maturity is October 28, 2025 and must be repaid in full at that time. The revolving credit facility has an authorized amount of \$900,000 (November 30, 2022 – \$900,000). As at February 28, 2023, the Company had drawn US\$608,966 (November 30, 2022 – US\$408,850) and has elected to pay interest based on the Secured Overnight Financing Rate ("SOFR") plus applicable margins. The credit facility bears interest at Canadian prime rate, US prime rate rate, Bankers' acceptances rate and eventually the Canadian Overnight Repo Rate Average, and SOFR plus an applicable margin that will vary depending on the type of advances. The Company pays a commitment fee on the available unused credit facility.

Under this facility, the Company is required to comply with certain financial covenants, including:

- a debt to EBITDA (earnings before interest, taxes, depreciation, and amortization) ratio that must be less than or equal to 3.50:1.00;
- a debt to EBITDA ratio that must be less than or equal to 4.00:1.00 in the twelve months following acquisitions with a consideration exceeding \$150,000; and
- an interest and rent coverage ratio that must be at least 2.00:1.00 at all times.

As at February 28, 2023, the Company was in compliance with its financial covenants.

#### 12. Capital stock

On June 28, 2022, the Company announced the renewal of the normal course issuer bid ("NCIB"). The NCIB began on July 3, 2022 and will end on July 2, 2023 or on such earlier date when the Company completes its purchases or elects to terminate the NCIB. The renewed period allows the Company to purchase 1,220,673 of its common shares. These purchases will be made on the open market plus brokerage fees through the facilities of the TSX and/or alternative trading systems at the prevailing market price at the time of the transaction, in accordance with the TSX's applicable policies. All common shares purchased pursuant to the NCIB will be cancelled.

During the three-month period ended February 28, 2023, the Company did not repurchase and cancel any common shares under the current NCIB. During the three-month period ended February 28, 2022, the Company repurchased and cancelled a total of 256,400 common shares, at a weighted average price of \$57.01 per common share, for a total consideration of \$14,618. An excess of \$11,438 of the shares' repurchase value over their carrying amount was charged to retained earnings as share repurchase premiums.

#### 14. Financial instruments

In the normal course of business, the Company uses various financial instruments, which by their nature involve risk, including market risk and the credit risk of non-performance by counterparties. These financial instruments are subject to normal credit standards, financial controls, risk management, and monitoring procedures.

##### *Fair value of recognized financial instruments*

##### **Cross currency interest rate swaps**

On February 27, 2023, the Company entered into two floating to floating 1-month cross currency interest rate swaps (November 30, 2022 – one floating to floating 3-month cross currency interest rate swap and one floating to floating 2-month cross currency interest rate swap). A fair value of nil was recorded as at February 28, 2023 (November 30, 2022 – nil). The Company has classified this as level 2 in the fair value hierarchy.

*Fair value of recognized financial instruments (continued)*

##### Fair value hierarchy (continued)

As at February 28, 2023 and November 30, 2022, the financial liabilities classified as level 3 in the fair value hierarchy were comprised of the following:

	February 28, 2023	November 30, 2022
	\$	\$
Contingent considerations on Küto Comptoir à Tartares acquisition and 11554891 Canada Inc.	3,750	3,626

Obligation to repurchase 11554891 Canada Inc. partner	7,867	7,867
<b>Financial liabilities classified as level 3</b>	<b>13,753</b>	<b>13,346</b>

The Company has determined that the fair values of its financial assets and financial liabilities with short-term and long-term maturities approximate their carrying value. These financial instruments include cash, accounts receivable, accounts payable and accrued liabilities, deposits and other liabilities. The table below shows the fair value and the carrying amount of other financial instruments as at February 28, 2023 and November 30, 2022. Since estimates are used to determine fair value, they must not be interpreted as being realizable in the event of a settlement of the instruments.

	February 28, 2023		November 30, 2022	
	Carrying amount	Fair value	Carrying amount	Fair value
	\$	\$	\$	\$

Financial liabilities				
Long-term debt <sup>(1)</sup>	828,310	828,310	550,197	550,197

<sup>(1)</sup> Excludes contingent considerations on Küto Comptoir à Tartares acquisition and 11554891 Canada Inc., credit facility financing costs and obligation to repurchase 11554891 Canada Inc. partner.

##### *Determination of fair value*

The following methods and assumptions were used to estimate the fair values of each class of financial instrument:

*Loans and other receivables and Finance lease receivables* – The carrying amount for these financial instruments approximates fair value due to the short-term maturity of these instruments and/or the use of market interest rates.

*Long-term debt* – The fair value of long-term debt is determined using the present value of future cash flows under current financing agreements based on the Company's current estimated borrowing rate for similar debt.

#### 17. Segmented information

Management monitors and evaluates results of the Company based on geographical segments, these two segments being Canada and US & International. The Company and its chief operating decision maker assess the performance of each operating segment based on its segment profit and loss, which is equal to revenue less operating expenses. Within those geographical segments, the Company's chief operating decision maker also assesses the performance of subdivisions based on the type of product or service provided. These subdivisions include franchising, corporate stores, processing, distribution and retail and promotional fund revenues and expenses. This information is disclosed below.

Below is a summary of each geographical and operating segment's performance for the three-month period ended February 28, 2023.
